THURSDAY, MAY 9, 1901.

A DEMOCRATIC VIEW.

Mr. Daniel E. O'Sullivan, formerly
of the Louisville Critic, and now of
the Free Lance, and a prominent
Democrat, says in the recent issue of
his paper:

"The Ripley trial at Frankfort
proves conclusively that Tom Camp
bell, his amateur detectives and pro
fessional confessors have no knowledge
of who killed William Goebel. They
have thrown out a drag net, hoping
to ensnare some one who will confess
and clear up the mystery. They are
no nearer a solution than they have
ever been. The arrest of Garnet Rip
ley, charged with being an accomplice
in the assassination, was an outrage.
It is an attempt to ruin the character
of an innocent man, whose sole offense
was raising a military company under
the orders of a de facto governor and
his adjutant general. Suppose he did
say that Goebel would be killed if he
were declared governor by the contest
committee. If every man in Kentu
cky who made that prediction were
hung, there would not be trees enough
to accommodate the victims.

"Garnet Ripley is simply a boast
ful, loose-talking fellow, who wants
to be more important than he is.
Judge Yost swears that when Ripley
repeated what Governor Taylor was
alleged to have said, that he seemed
to be under the influence of liquor.
It is evident that the prosecution has
tried to thumb-screw the prisoner into
a confession that would implicate
Taylor.

"The Free Lance believes that Go
bel was murdered as the result of a
plot. Yontsey was a member of the
conspiracy, beyond any question, and
others more prominent had guilty
knowledge of it. These assassins
should be discovered and punished,
but the public is beginning to think
that the methods adopted by Tom
Campbell and the Goebel brothers are
a disgrace to the state. When men
can be retrograded to prison or the gal
lows by Democratic juries on the
testimony of confessed perjurers, with
out being given a show for their life,
it is time to call a halt."

Thus far, on account of the cold
weather, the incomplete condition
of the exposition, or for some other
cause, the big show at Buffalo has
not been a howling success, and it
has closed until the twentieth,
when the formal opening will take
place. The gates were opened on
Sunday, but the buildings were all
closed, which formed quite a para
doxical inconsistency. Two shows in
the Midway attempted to open up but
were promptly restrained, and will
make a test case of the question in
the courts, claiming that their con
tract entitles them to open every day
the exposition is open to the public.

The new city hospital in St. Louis
will cost \$258,000, and will be com
pleted by the end of the year. It
will take Paducah longer than that,
as she has already been thirty years
on a new hospital and it hasn't even
been started. When thirty years ago
the city of Paducah was a small town,
the people are inclined to be erect
ed for it. The concern will then
have 8,100 feet of floor space. The
new machinery that will be put in
will cost several thousand dollars.

Over in Honolulu they have a presi
dent that runs things to suit himself
in the latest improved methods. Both
houses requested him to extend the
term of the legislature in order that
important business might be transac
ted, but he didn't think the important
business was important enough so the
legislature had to adjourn on schedule
time.

Dr. McCormick has shot his little
wad and retired. It is hoped that he
feels better after being relieved of his
surplus of bile. Those Dr. McCormick
has accused may be as bad as he is,
but they at least have the advantage
of not having yet been fired.

There are a few new faces noticed
among the "moosehairs" on Broadway,
but most of them are old "mugs."
There seems to be rich pickin' just
now, but it will all be over in a few
days.

We need plenty of decorations dur
ing the carnival. Everybody should
beautify store and residence.

The imperative need of an inspector
of electric wires in Paducah is de
monstrated every day. Despite the
size of the city, the number of its
business houses and the abundance of
electric wires, there is no one to see
that the wires are properly strung and
insulated and kept so. The
entire town, it might be
said, is at the mercy of the electri
cians, who may do their work well, or
as other persons often do, make mis
takes which may prove most costly.
The insurance men have long urged
the appointment of an inspector, but
have never succeeded in getting one.
The town is a net work of wires.
They are everywhere, and the most
trivial defect in the stringing of them
may prove disastrous to the city. It
is to the interest of all alike to have
a wire inspector, and the underwriters
should demand one and work relent
lessly until they get one. Fire
Chief James Wood stated this morn
ing that no less than half a dozen fires
have been caused in Paducah within
the past year or two by electric wires,
one of which was at the Decker mill
only a short time ago, and another at
the Kentucky Glass and Queensware
store some time ago. It is possible
that last night's fire was caused by a
wire, and possible that the one at
Morton's opera house was. The ap
pointment of an inspector of wires
would be a wise precaution, and a
profitable investment.

THE TAX LEVY.

The tax levy this year is to be
\$1.45, according to the statement giv
en out at headquarters. This is five
cents less than it was last year, but it
is still too much. This year the total
assessment will be on about seven and
a half million dollars, which is better
than it was last year, because there
will be no rebates this year. It has
been the custom to assess the banks
and then compromise with them, and
to assess steamboats which subsequently
proved that they were assessed else
where, and paid none of the tax, thus
reducing the collections just that
much, whatever it amounted to.

This year it is different. The steam
boats were not assessed, and the banks
were assessed at the rate used as a
basis of settlement, and as a result
the seven millions and a half and the
amount of taxes it represents is all
good money, and will all be collected,
which will give the city much more
money this year than last to defray
the expenses of city government. And
having more money, the natural ten
dency of capable financiers would be
to reduce the tax rate. It is not
known yet what the estimates for run
ning the city government will be, be
cause they have not been presented by
the finance committee of the council,
but unless they are greatly in excess of
what they have been, the Sun thinks
the rate is too large. More can be de
termined about it, however, when the
report of the committee is made.

SOAP COMPANY IMPROVEMENTS.

Mayfield, May 8.—The Beaumont
Soap company, of this place, has put
in a larger plant, and will soon occupy
a three story house that is to be erect
ed for it. The concern will then
have 8,100 feet of floor space. The
new machinery that will be put in
will cost several thousand dollars.

THE RIVER NEWS.

Cairo, 29.1, fall.
Chattanooga, 6.2, fall.
Cincinnati, 17.5, fall.
Evansville, 26.7, fall.
Johnsboro, 8.7, fall.
Louisville, 4.8, fall.
Mt. Carmel, 7.3, fall.
Nashville, 7.3, fall.
Paducah, 32.7, fall.
Pittsburg, 3.9, stand.
St. Louis, 13.4, fall.

Observation taken at 7 a. m. River
32.7 on the gauge, a fall of 1.9 in last
24 hours. Wind northwest, a light
breeze. Weather, cloudy and cooler.
Temperature 57. Fell. Observer.

The John K. Speed, from Cincin
nati, arrived at 3 o'clock this morning
with her cargo dragging the water.
She had 1800 tons of freight and dis
charged a large amount of it for this
city, Nashville and Chattanooga. The
Nashville freight was received by the
Buttort today and the Avalon will
take the Chattanooga freight next
week.

The Woolfolk departed for Cairo at
8:30 this morning with a good trip of
people.

Metropolis has sixty cases of small
pox and the disease rapidly spreading.
What's the matter with Paducah that
she don't quarantine. Brookport
quarantined day before yesterday.

The Waterways Journal of last issue
was full of excellent nautical infor
mation.

The H. W. Buttort, from Clarks
ville, arrived early this morning and
departed for Nashville this afternoon
with all she could "tote."

The Clyde is receiving to leave for
River, Ala., and all Tennessee
river way landings this afternoon, and
is getting a big trip.

The Charleston departed with a
good trip for Tennessee river last
evening.

The City of Pittsburgh, from Mem
phis, will pass up tomorrow for Cin
cinnati. She's the pride of the lower
Ohio, and if you wish to take a de
lightful river voyage take the City of
Pittsburgh.

The elegant Steamer New South is
due up today from New Orleans on
her way to Cincinnati.

River still falling, weather cloudy
and threatening rain; northwest wind;
temperature has fallen ten degrees
since yesterday morning. Business
very good in river circles. The river
reached on the gauge at 7 a. m., 32.7.

The Beaver, with a tow of empties,
passed up for Cincinnati yesterday
evening with Captain Frank Farney
in command and Wallace Farney at
the wheel.

The Sunshine leaves Cincinnati to
day for Memphis. On her return to
Cincinnati she will make preparations
to take the Confederate Veterans to
Memphis from Louisville and other
Ohio river points. The City of Pitt
burgh should have been the boat to
make the trip.

The rapid fall last night left a big
barge of railroad iron on the track
over in Brookport and an attempt to
unload the barge so as to lighten the
weight and float it off is being made,
but if they are not successful the iron
will be dumped into the river.

TO BE A CAPTAIN.

Lieutenant A. S. Fleming, U. S. A.,
now in charge of the recruiting sta
tion at Louisville, will be raised to
the rank of captain under the reorgani
zation of the army on the basis of
76,000 men. This is the statement in
a dispatch from Washington.

Lieutenant Fleming is a son of
Judge W. B. Fleming, of Louisville.
He graduated from West Point and
was in charge of the recruiting station
here a few weeks ago.
